KINGS PLACE SCULPTURE TRAIL

2026

PANGOLIN LONDON

About

Pangolin London is one of London's few galleries dedicated to exhibiting sculpture.

Pangolin London's Sculpture Trail includes large scale works by a host of artists, both within the building and canalside at Kings Place, and its fast developing reputation as one of the UK's most dynamic Sculpture Trails. Please contact Pangolin London for further details and sales enquiries.

Exhibitions

Modern Sculptors (In the Gallery)

16 September - 31 October 2026

This exhibition brings together important works by artists who shaped the history and evolution of British and European sculpture from the mid-twentieth century onwards. Spanning more than six decades, the selection traces a remarkable era of reinvention, when sculptors embraced abstraction, challenged established traditions and found new expressive possibilities in both ancient and industrial materials.

Olivier Strebelle
Les Hommes Au Soleil II
1959, Bronze
Edition of 6

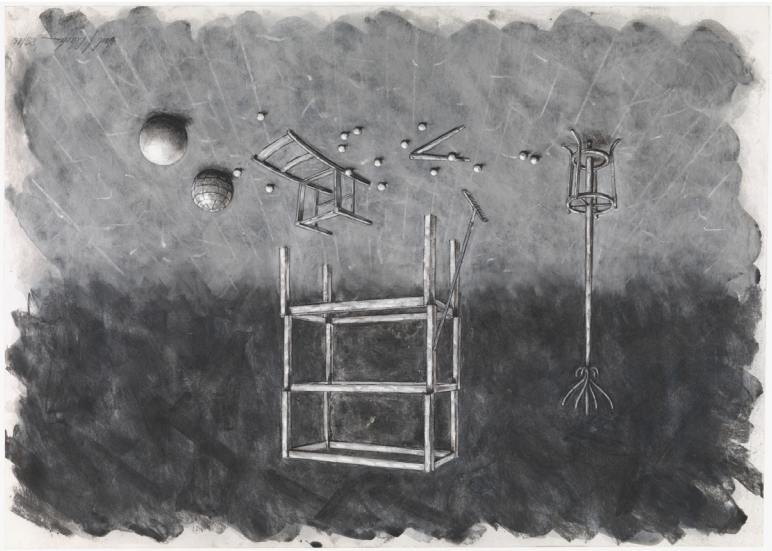

Exhibitions

Sculptor's Drawings and Prints (B-1)

13 February - 23 December 2026

Sculptors' Drawings and Prints brings together a diverse group of modern British and contemporary sculptors to explore the vital role of works on paper within sculptural practice. From intimate sketches and exploratory studies to finished prints and experimental compositions, the exhibition reveals how sculptors use drawing as a space for thinking, testing, and reimagining form.

Together, these works offer a compelling insight into the evolving language of sculptural draftsmanship and the distinctive ways in which each artist articulates form, space, and structure on paper.

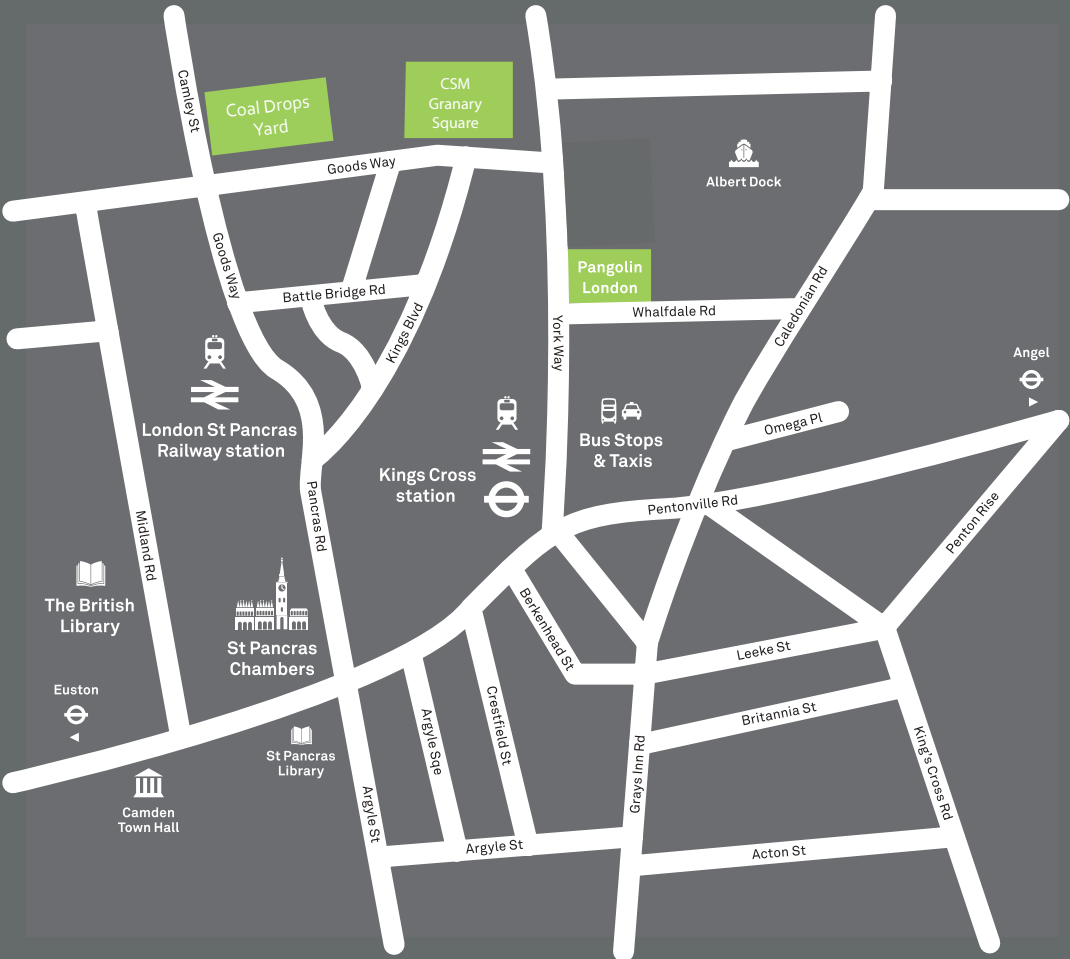

Carl Blackman
The Immigrant
1985 - 86, Charcoal,
Conté stick on paper
Unique
